MEDIA RELEASE

Area of Increased Moisture Forecast to affect Grenada on Sunday, February 9, 2025

St. George's, Grenada - Saturday, February 8th, 2025. 8:00 p.m.

The Meteorological Office has advised the National Disaster Management Agency (NaDMA) that an area of increased moisture is forecast to affect Grenada early Sunday morning. However, no severe weather warning is currently in effect.

Residents should prepare for the potential of heavy, showery activity and gusty winds during the early hours of Sunday, February 9th, 2025.

Citizens are urged to monitor the weather conditions and pay attention to the information issued by the Meteorological Office and NaDMA.

The Meteorological Office and NaDMA will continue to monitor the weather and provide updates as necessary.

For additional information, please contact Mrs. Ruth Jacob-Roberts, Public Information Officer at NaDMA on 440-8390-4: cell 533-0766, or email: admin@nadma.gd and pro@nadma.gd.
